DESIGN & ENGINEERING

From rooftop restaurants to poolside patios, the designers at D'cent Roof are ready to work with you. We develop constructions documents which include connection details and site specific engineering

NEW DELHI

NEW DELHI

VIRTUALLY MAINTENANCE FREE

High quality D'cent Roof finishes eliminate time consuming painting, staining, and waterproofing. Aircraft grade aluminum components prevent warping, cracking, and deformation.

You can finally have that covered deck without sacrificing light into your home. Close the roof and have the shade on the hot summer days. Open the roof and let the light shine in on cloudy and cold winter days. The D'cent Roof louvered roof enhances the value of your home while you spend more time outside with family and friends. Instantly adjust the louvers for added sunlight or shade and protection over your swimming pool, deck, hot tub, BBQ and lounge area

DESIGN YOUR BACKYARD WITH D'CEN'T ROOF

D'CEN'T Louver Roof is the premier architectural Louver roof system, preferred by architects and designers for its contemporary aluminium structure, impressive scales and high levels of protection from the elements
